K11930 torT; periplasmic protein TorT							SAR116_1769 Putative ABC transporter
K02379 fdhD; FdhD protein							SAR116_0025 FdhD
K05524 fdxA; ferredoxin							SAR116_1071 4Fe–4S ferredoxin
K13795 citB; citrate/tricarballylate utilization protein							SAR116_1745 citrate utilization protein B
K13796 cobZ; tricarballylate dehydrogenase							SAR116_1744 hypothetical protein
K03521 fixA; electron transfer flavoprotein beta subunit							SAR116_1870 Electron transfer flavoprotein beta–subunit
K06997 yggS; PLP dependent protein							SAR116_1656 Protein of unknown function UPF0001
K21700 bauB; beta–alanine degradation protein BauB							SAR116_0437 hypothetical protein
K02234 cobW; cobalamin biosynthesis protein CobW							SAR116_0572 cobalamin biosynthesis protein CobW
K02498 hemY; HemY protein							SAR116_1472 HemY domain protein
K03688 ubiB; ubiquinone biosynthesis protein							SAR116_1564 Predicted unusual protein kinase
K03753 mobB; molybdopterin–guanine dinucleotide biosynthesis adapter protein							SAR116_2509 molybdopterin–guanine dinucleotide biosynthesis protein B
K18587 COQ9; ubiquinone biosynthesis protein COQ9							SAR116_1337 rpsU–divergently transcribed protein
K18588 COQ10; coenzyme Q–binding protein COQ10							SAR116_0210 Oligoketide cyclase/lipid transport protein
K19784 chrR; chromate reductase, NAD(P)H dehydrogenase (quinone)							SAR116_2242 hypothetical protein
K06999 K06999; phospholipase/carboxylesterase							SAR116_1152 Predicted esterase
