K05566 mnhB; multicomponent Na+:H+ antiporter subunit B	-						SAR116_0463 Na+/H+ antiporter MnhB subunit-related protein
K05566 mnhB; multicomponent Na+:H+ antiporter subunit B	-						SAR116_0464 putative multicomponent Na+-H+ antiporter subunit A
K05567 mnhC; multicomponent Na+:H+ antiporter subunit C							SAR116_0462 NADH-ubiquinone oxidoreductase chain 4L
K05568 mnhD; multicomponent Na+:H+ antiporter subunit D	-						SAR116_0458 NADH dehydrogenase (quinone)
K05568 mnhD; multicomponent Na+:H+ antiporter subunit D							SAR116_0460 NADH dehydrogenase (quinone)
K05568 mnhD; multicomponent Na+:H+ antiporter subunit D							SAR116_0461 NADH dehydrogenase (quinone)
K05569 mnhE; multicomponent Na+:H+ antiporter subunit E							SAR116_0467 cation antiporter
K05570 mnhF; multicomponent Na+:H+ antiporter subunit F							SAR116_0466 multiple resistance and pH regulation protein F
K05571 mnhG; multicomponent Na+:H+ antiporter subunit G	-						SAR116_0465 monovalent cation/proton antiporter
K03980 murJ; putative peptidoglycan lipid II flippase							SAR116_1597 integral membrane protein MviN
K13936 mdcF; malonate transporter and related proteins	-						SAR116_1162 Auxin Efflux Carrier
K13936 mdcF; malonate transporter and related proteins	-						SAR116_2450 Auxin Efflux Carrier
K06895 lysE; L-lysine exporter family protein LysE/ArgO							SAR116_2494 transporter, LysE family
K05834 rhtB; homoserine/homoserine lactone efflux protein	-						SAR116_2243 putative threonine efflux protein
K07793 tctA; putative tricarboxylic transport membrane protein							SAR116_2086 protein of unknown function DUF112 transmembrane
K07793 tctA; putative tricarboxylic transport membrane protein							SAR116_1210 integral membrane protein
K07793 tctA; putative tricarboxylic transport membrane protein							SAR116_1738 protein of unknown function DUF112
K07794 tctB; putative tricarboxylic transport membrane protein							SAR116_2085 hypothetical protein
K07795 tctC; putative tricarboxylic transport membrane protein							SAR116_1208 hypothetical protein
K07795 tctC; putative tricarboxylic transport membrane protein							SAR116_2084 hypothetical protein
K05595 marC; multiple antibiotic resistance protein							SAR116_1019 marC family protein
K03588 ftsW; cell division protein FtsW	-						SAR116_2335 Bacterial cell division membrane protein
K08970 rcnA; nickel/cobalt transporter (NicO) family protein							SAR116_2222 high-affinity nickel-transporter
K03640 pal; peptidoglycan–associated lipoprotein							SAR116_2300 Peptidoglycan–associated lipoprotein
K03646 tolA; colicin import membrane protein							SAR116_0366 putative peptidase
K03641 tolB; TolB protein							SAR116_2299 ToIB protein
K15987 hppA; K(+)-stimulated pyrophosphate-energized sodium pump [EC:7.1.3.2]							SAR116_2026 Inorganic diphosphatase
K08344 scsB; suppressor for copper-sensitivity B	-						SAR116_1110 putative suppressor for copper–sensitivity B precursor
K08351 bisC; biotin/methionine sulfoxide reductase [EC:1]	-						SAR116_1451 oxidoreductase
K18990 vexE; membrane fusion protein, multidrug efflux system							SAR116_2008 secretion protein HlyD
K17938 sbmA; peptide/bleomycin uptake transporter							SAR116_0705 putative transport protein
K02198 ccmF; cytochrome c-type biogenesis protein CcmF							SAR116_0745 cytochrome c-type biogenesis protein CcmF
K07127 uraH; 5-hydroxyisourate hydrolase [EC:3.5.2.17]							SAR116_1381 Transthyretin
K07127 uraH; 5-hydroxyisourate hydrolase [EC:3.5.2.17]							SAR116_0073 hypothetical protein
